Successful Offeror will be required to furnish 100 percent Performance and Payment Bonds, and Insurance Certificate within seventy-two (72) hours after notification of award or as indicated on letter of notice of intent to award.

License Requirement: The contractor submitting a proposal is required to provide a copy of their license(s) or certification(s) for this type of work, as required by the State named in this solicitation, or copy of application to obtain such license(s). If a license (or certification) for this type of work is not required in the State named in this solicitation, the contractor is to provide a statement indicating that this is not applicable. As used in this paragraph, "this type of work" refers to the specific scope of work to be performed (e.g. plumbing, mechanical, electrical, etc.), and not to the fact that the work is being performed for the USPS. If a license would be required for this type of work if being performed for a private entity, then USPS chooses to require a license as part of the eligibility determination, even if such license requirement can be waived by the State named in the solicitation for public projects.

In addition to all contractual requirements for payment requests, the contractor is also required to submit photos of the respective work for each pay request.

Attachment 19 Basic Security Clearance Requirements must be signed and returned with a list of any contractor's employees who will be on site for any period of time and any subcontractor's employees who will be on site for a total of two (2) weeks or more. If no subcontractor's employees are going to be on site for a total of two (2) weeks or more then please state that in writing (email or fax are acceptable).

Safety and Health Plans are required prior to commencing any work. The contractor must submit to the contracting officer, a Safety and Health Plan designed to provide a system by which hazards on the project site will be controlled to minimize or eliminate occupational injuries or illnesses during performance of the contract. Please reference B-Clause B38 c.2, c.3, & c.4 for specifics in completing the plan.

Please note that an "Official Award" will not be made until the Basic Security Clearance Requirements and Safety and Health documents are received in our office.
